

## SEGMENT 11MM

A type A rope offering the best value for money for your work at height.

Length

50m

100m

**200m**

500m

### Technical specifications

#### Characteristics

Diameter

11mm

Range

Access difficult areas

Material

Polyamide

Low impact force

5,3 kN

Professional Products

yes

Sheath material

Polyamide (PA)

Rope core

Polyamide (PA)

Sheath slippage

0 %

Family

Segment 11mm

Color

WHITE

Breaking load

31,9 kN

Static elongation

3,7 %

Percentage of sheath

35 %

Percentage of core

65 %

Knotted strength

15 kN/3 min
