

INDUSTRIE 11MM

With its 11mm diameter and its unfailing robustness, it is the longstanding benchmark rope for work at height.

Length

200m

Technical specifications

Characteristics

Diameter	11mm
Range	Access difficult areas
Material	Polyamide
Low impact force	5.10 kN
Professional Products	yes
Sheath material	Polyamide (PA)
Rope core	Polyamide (PA)
Sheath slippage	0 %
Family	Industrie 11mm
Breaking load	37,3 kN
Static elongation	2,1 %
Percentage of sheath	34 %
Percentage of core	66 %
Knotted strength	15 kN / 3 min
