

ACTSAFE RCX RESCUE ASCENDER

POA-017

replaceable and rechargeable batteries, remote control with 150 m range, high lifting force

- Accelerates work during rescue operations
- 0-24 m/minute at 250 kg, IP67 standard
- Variable rope diameter

PRODUCT INFORMATION "ACTSAFE RCX RESCUE ASCENDER"

The battery-powered ActSafe RCX power ascender is a motorised system to ensure the transport of persons to hard-to-reach areas where occasional or repetitive work is carried out. The ActSafe RCX is a rope hoist that has been specially developed for effortless and efficient rescue operations. The main users are search and rescue (SAR) teams from the fire brigade, disaster relief or emergency services. The innovative device is compact, lightweight and complies with protection class IP67 (dustproof and waterproof). It is equipped with replaceable and rechargeable batteries and a remote control with a range of up to 150 metres. The ActSafe RCX is perfectly suited for ropes with different diameters and is therefore flexible and quickly ready for use. The device is certified for a user weight up to 250 kg.

PRODUCT

Application areas	Rescue
Battery range at 20° C & 100 kg load	550 m
Brand	ActSafe
Charging time	90 minutes
Emergency descent function	Yes
Emergency stop function	Yes
Energy source	Removeable Battery, POA-004 power supply
Material	Aluminium, Nylon, Steel
Max. ascent rate	24 m/min
Max. noise level	76 dB(A)
Maximum compatible rope diameter	11.00 mm
Maximum descent speed	25 m/min
Maximum temperature	40 °C
Min. ascent rate	0 m/min
Min. noise level	0 dB(A)
Minimum descent speed	0 m/min
Minimum temperature	-10 °C
Remote control range	150 m
Underwater operations	No
Usable in SEAL PAC	No
Water dust resistance	IP 67
Working Load Limit	250 kg
Colour	Yellow, Red
Customs tariff number	84253100
Gross weight	30.00 kg
Net weight	30.00 kg
Number of Rechargeable Batteries	2
Regional Charger	EU
